

CALIFORNIA PROPOSITION 65 DECLARATION

Dear Valued Customers,

This declaration is to inform Trumeter customers that some Trumeter products contain chemicals which are listed on California's Safe Drinking Water & Toxic Enforcement Act of 1986.

This act, commonly known as Prop 65, establishes a list of chemicals which the state of California's risk assessment process has determined to present a risk of cancer, birth defects or other reproductive harm. A full list of Trumeter products that contain Prop 65 chemicals is attached to this declaration.

Further information on Prop 65 can be found at: <https://www.p65warnings.ca.gov/>

Be assured, Trumeter will continue to monitor the Proposition 65 regulations for any new chemicals. Trumeter will compare any newly listed chemicals with the raw materials in our finished products and update this declaration accordingly.
